1 Support DVB-T Reception plus Recording

Built in DVB-T TV system with EPG, ZIN-8006HD can also supports real-time recording, schedule recording and time shifting.

2 Perfect for HD 1080p decoding

ZIN-8006HD is an advanced multimedia networkable player that brings the high-definition video to 1080p full HD display.

3 Support Multiple Formats

ZIN-8006HD supports the most popular video/audio/image formats, such as MPEG1/2/4, H.264, Xvid, WMV, VC-1, RM/RMVB (up to 720@30 Hz), ISO, IFO, VOB, MP3, Dolby Digital, DTS, WMA, RA, HD JPEG, PNG, BMP, GIF. No media conversion software needed.

4 Support P2P Download

With built-in P2P download engine, you can perform BT download and be independent of PC anytime with lower power consumption. Download desired media content and save into external USB devices and play directly on Large Screen TV.

5 Play Media from Remote purchase or Removable HDD on TV

ZIN-8006HD can play movies/photos/music stored on computers through the intranet (local area network) both wired and wireless (802.11n).
In addition, you can playback contents from any removable USB-based storage devices to the TV directly.

6 1080p HDMI Output

With only one HDMI cable, users can experience original 1080p video and the clarity of digital audio. Additional outputs such as YPbPr, Composite ensure compatibility with all TV sets.
